Rio flush fit windows

When it comes to design features and sophisticated styling, the Rio flush fit window is in a class of its own.

The windows have been specifically designed so that the opening sash of your window sits flush with the outer frame, giving a unique sleek and seamless appearance.

As with all REHAU windows, safety, security and longevity of your windows is paramount. Your Rio flush fit windows benefit from enhanced noise reduction, energy efficiency and are easy to maintain, keeping your windows looking good throughout their lifetime.

Attention to detail

Not only does the Rio flush fit window authentically replicate the features of a traditional timber window, it also compliments more modern homes perfectly with their clear lines and minimalist appearance. This truly sets the Rio flush fit window aside in terms of look, suitability, safety and longevity.
